MADE FOR HUNTERS WHO NEVER CLOCK OUT.

The Veil™ 400 makes the night work for you, helping you hunt longer and move with confidence from dusk to dawn. Whether predator and hog hunting or just navigating unfamiliar ground in the dark, it delivers sharp thermal imaging and perfect balance of magnification and field of view. Familiar, compact design with simple controls you can work without even looking. It's built to last and backed for life, raising the standard for what hunters should expect from thermal devices.
